Music City Center Digital Signage Kit

Music City Center is proud to offer comprehensive, state-of-the-art digital marketing tools to customers, partners, and neighborhood advertisers. This digital marketing kit contains descriptions, as well as locations and pricing, for each available tool to assist with your digital marketing planning.

Our digital signage is strategically located throughout our 2.1-million-square-foot facility to provide maximum visibility. Our extensive digital signage system, including more than 140 screens varying in size and function, provide you with fully customizable options to reach your target audience. With an average of 600,000 convention center guests annually, your digital selections have the potential to reach thousands of local and out-of-town visitors daily.

All signage can be used to provide general information, greetings, promotions, directions, etc., for hosted events or advertisements for nearby attractions, restaurants, retail, etc., subject to availability.

Digital signage is a cost-effective, environmentally friendly solution for your communication and branding needs. Whether you need to display event information or to promote your business, the Music City Center team is ready to assist you.

For more information on digital branding options, contact:

Level 4 LED Wall

A single screen hangs on Level 4 near the Karl F. Dean Grand Ballroom entrance. The 16'W x 4'6"H LED display offers nearly 200" of screen coverage that can be divided into sections. This wall accommodates still images, video, and audio.

Exhibit Hall Dormers & Hall A Display

Three vertical dormers tower above Exhibit Halls B, C, and D. The 7'W x 14'H LED displays are visible inside the building from Levels 3 and 4, as well as outside the building from the adjacent Demonbreun Street. The screens can be displayed full size or divided into three different sections. In addition to supporting still images and video, the dormers can also display live video feeds with audio.

Exhibit Hall A has a 90" stand-alone display. The screen is mounted inside the wall, outside the entrance to the hall. The display accommodates still images, video, and audio.

Exhibit Hall Dormers	Specifications
Size	7'W x 14'H
Total Number	3
Pixel Dimensions	576W x 1152H
Image Format	.png, .jpg
Video Format	.mp4
Legend

Size	44"W x 78"H
Total Number	1
Pixel Dimensions	1080W x 1920H
Image Format	.png, .jpg
Video Format	.mp4
Legend	

Corner Wrap Displays

Three corner wrap displays are positioned outside Exhibit Halls B, C, and D. The LED displays are visible inside the building from both directions of the main concourse, as well as outside the building from the adjacent Demonbreun Street. The screens can be displayed with wrap-around images and video or divided into multiple sections.

Corner Wrap Displays	Specifications
Size	10'W x 7'H
Side A	6'W x 7'H
Side B	4'W x 7'H
Total Number	3
Pixel Dimensions	1600W x 1080H
Side A	960W x 1080H
Side B	640W x 1080H
Image Format	.png, .jpg
Video Format	.mp4
Legend	

Escalator Displays	Specifications
Size	20'W x 5'7"H
Total Number	3
Pixel Dimensions	3840W x 1080H
Image Format	.png, .jpg
Video Format	.mp4
Legend	

Escalator Landing LED Walls

A single screen hangs on each escalator landing near the Rep. John Lewis Way South (5th Avenue) & Omni Hotel entrance. The 20'W x 5'7"H LED displays offers nearly 250" of screen coverage that can be divided into sections. Each wall accommodates still images, video, and audio.

9-Panel Video Wall Display

This display is comprised of nine (9) individual screens and located on Level 1 near the Rep. John Lewis Way South (5th Avenue) & Demonbreun Street entrance. It can accommodate still images, video, and audio.

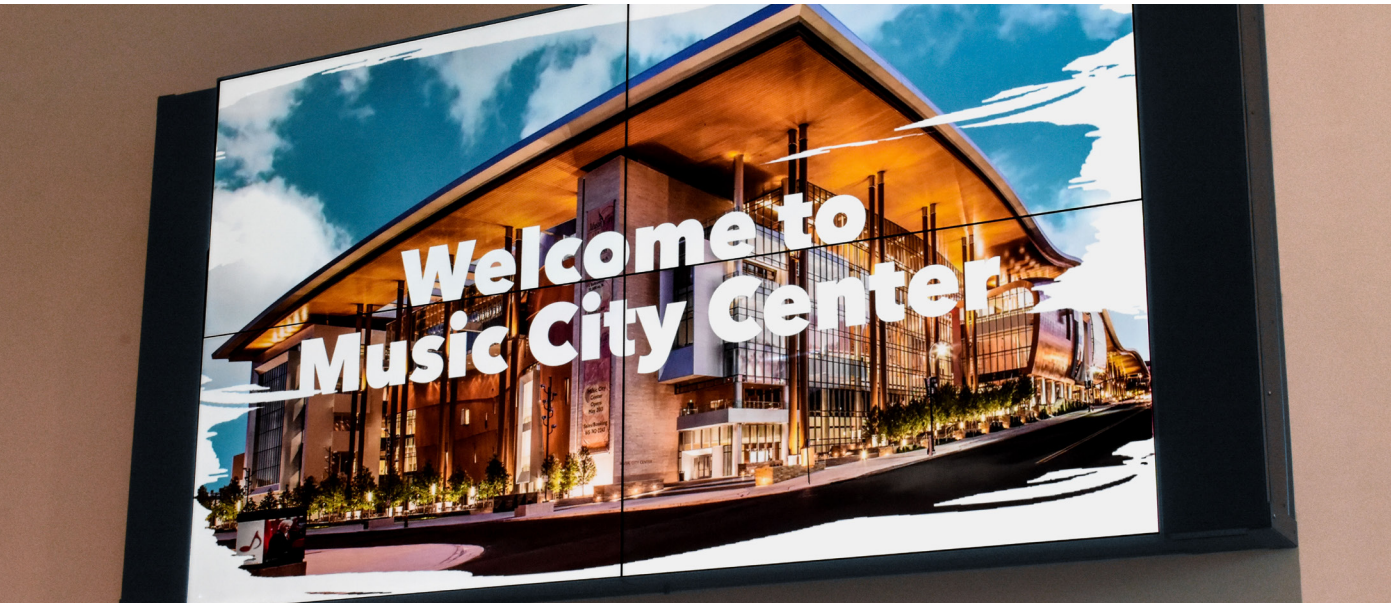

9-Panel Video Wall	Specifications
Size	10'W x 5'6"H
Total Number	1
Pixel Dimensions	1920W x 1080H
Image Format	.png, .jpg
Video Format	.mp4
Legend	

4-Panel Video Wall Displays

These displays are comprised of four (4) individual screens each and located on Level 1 across from the Rep. John Lewis Way South (5th Avenue) & Omni Hotel entrance, Level 1M at the 6th Avenue & Korean Veterans Boulevard entrance, Level 2 at the 6th Avenue & Demonbreun Street entrance, and Level 4 along the Karl F. Dean Grand Ballroom prefunction corridor. They can accommodate still images, video, and audio.

4-Panel Video Walls	Specifications
Size	8'W x 4'6"H
Total Number	4
Pixel Dimensions	1920W x 1080H
Image Format	.png, .jpg
Video Format	.mp4
Legend	

80" Displays

These displays are located on Level 3 in an alcove near Exhibit Hall D. The 80" displays accommodate still images, videos, and audio.

80" Displays	Specifications
Size	70"W x 39"H
Total Number	2
Pixel Dimensions	1920W x 1080H
Image Format	.png, .jpg
Video Format	.mp4
Legend	

65" Displays

These displays are located adjacent to meeting areas, public spaces, entrances/exits, and exhibit halls. Each 65" display accommodates still images, videos, and audio. Advertising on these displays may be purchased for any length of time, dependent on in-house events.

65" Displays	Specifications
Size	57"W x 32"H
Total Number	33
Pixel Dimensions	1920W x 1080H
Image Format	.png, .jpg
Video Format	.mp4
Legend	 

86" Vertical Display

This vertical display is located on Level 1 near the Rep. John Lewis Way South (5th Avenue) & Demonbreun Street entrance. The screen is positioned to help direct attendees and guests to specific meeting rooms, floors, or event activity. It can accommodate still images and video.

86" Vertical Display	Specifications
Size	42"W x 75"H
Total Number	1
Pixel Dimensions	1080W x 1920H
Image Format	.png, .jpg
Video Format	.mp4
Legend	<div></div>

43" Vertical Display

This vertical display is located on Level 1, not far from the Rep. John Lewis Way South (5th Avenue) & Omni Hotel entrance. The screen is positioned to help direct attendees and guests to Meeting Rooms 107-110 or to retail outlets in the southeast corner of the building. It can accommodate still images and video.

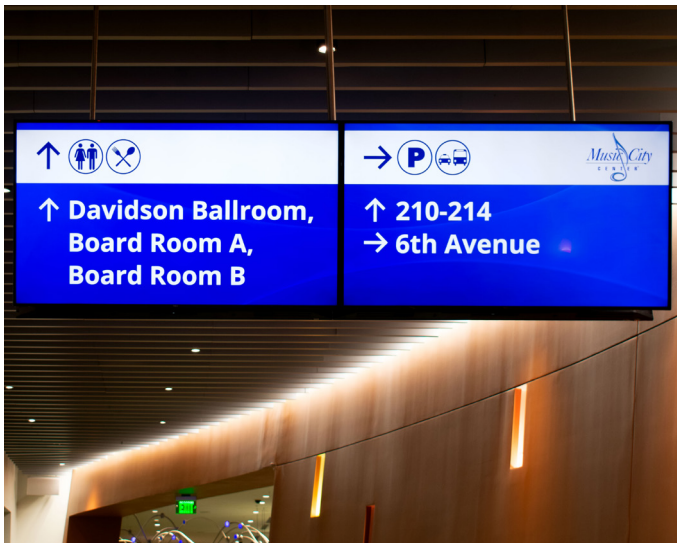

43" Vertical Display	Specifications
Size	21"W x 38"H
Total Number	1
Pixel Dimensions	1080W x 1920H
Image Format	.png, .jpg
Video Format	.mp4
Legend	<div></div>

Wayfinding Pods

Wayfinding Pods extend from the ceiling along most corridors and concourses and provide directional assistance to visitors. The double-sided units are comprised of four (4) 65" screens – two on the front and two on the back. A different image or video can be displayed on each screen, or a single image or video can be displayed across two screens.

Wayfinding Pods	Specifications
Size	4 - 65" Displays
Total Number	17
Pixel Dimensions	3840W x 1080H
Single Screen	1920W x 1080H
Image Format	.png, .jpg
Video Format	.mp4
Legend	

Room Board Displays

Each meeting room has a room board located immediately outside the space. The 19" displays are ideal for displaying still images or essential meeting information. Meeting space rentals include complimentary access to room boards with basic meeting information on a standard Music City Center-themed template (pictured below). Custom options are available for an additional fee.

Room Board Displays	Specifications
Size	16.6"W x 9.3"H
Total Number	70
Pixel Dimensions	1280W x 1024H
Image Format	.png, .jpg
Video Format	.mp4
Legend	

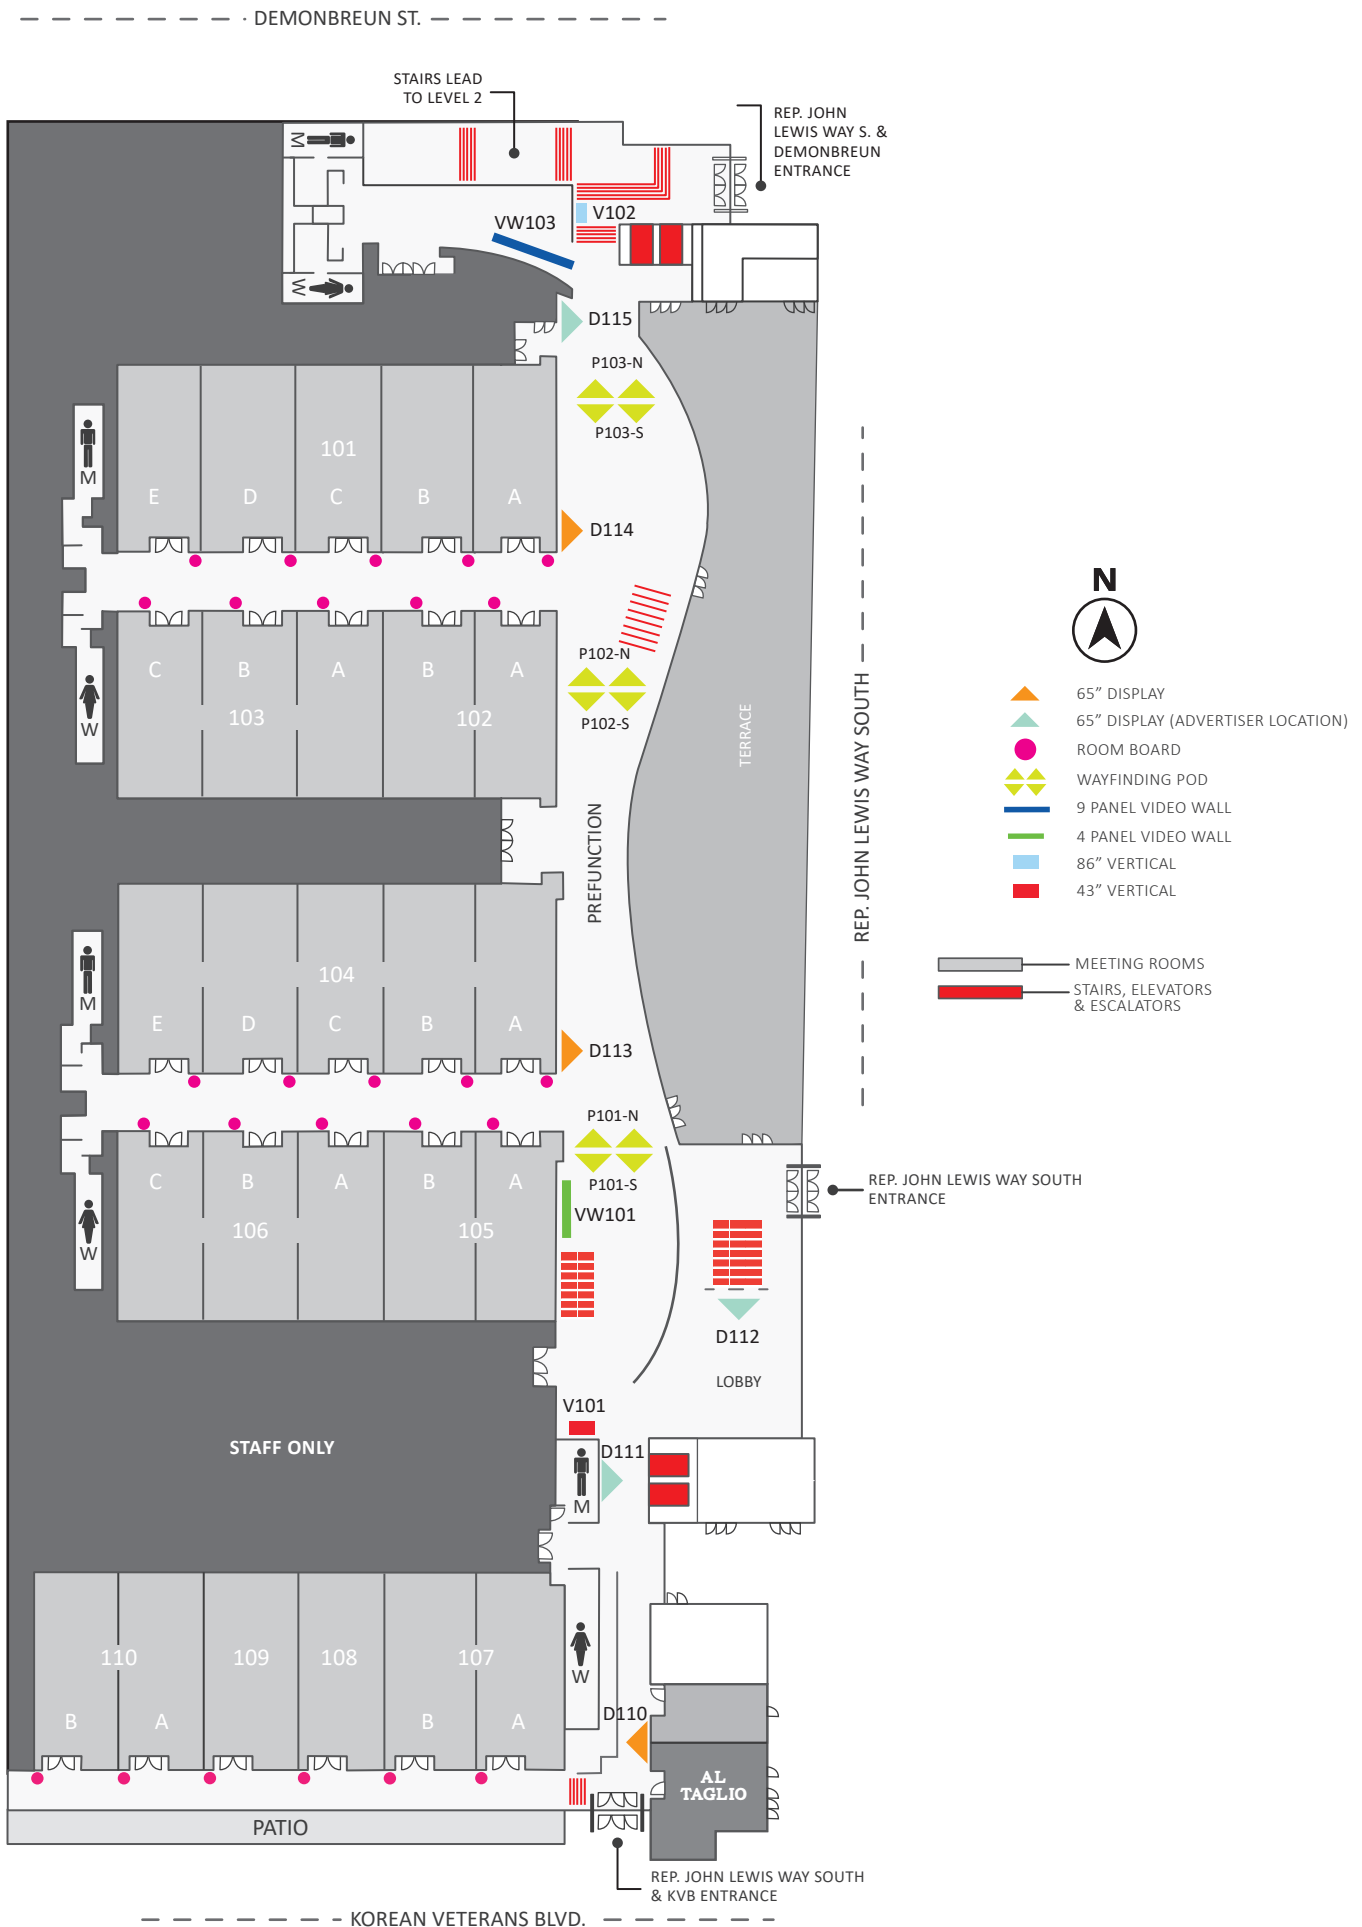

Price Guide

All signage is subject to availability. Listed pricing covers exclusive content for a singular display for the duration of the event. For a complete buy-out of all facility digital signage, contact Music City Center.
